

Baş Sermenli, H. & Işiloğlu, M. 2006. Some new records for the Turkish macromycota. – *Mycologia Balcanica* **3**: 169-172.

Abstract. The present paper is based on macrofungal specimens collected from Muğla City, in years of 2004-2005. As a result of field and laboratory studies, seven new records are presented. These are *Hebeloma syrjense*, *H. sordescens*, *Pluteus robertii*, *Psilocybe cubensis*, *P. subviscida* var. *velata*, *Stropharia luteonitens*, and *Mycena rorida*.
