

**Assyov, B. & Denchev, C. M.** 2004. Preliminary checklist of Boletales s. str. in Bulgaria – *Mycologia Balcanica* 1: 195-208.

**Abstract.** The paper provides a preliminary checklist of Boletales in Bulgaria. It includes 77 species belonging to 17 genera. The distribution of the taxa throughout the country is given. For each record references to literature sources are given, as well as the collection in which herbarium specimens are available.

**Key words:** Basidiomycetes, bibliography, Boletales, Bulgaria, checklist, fungal diversity
